In light of recent events, we,  
the Orchestra Committee of the  
New York Philharmonic, believe it is imperative  
that you hear our voices.

We wholeheartedly denounce and find  
abhorrent all conduct that violates and  
degrades the women in our Orchestra.  
Such conduct is an affront to women  
everywhere. It must never be tolerated.

We call on our fellow musicians and  
the Philharmonic-Symphony Society  
to provide a safe environment  
so that no one is afraid to come to work.

**tubatanner** Is there a specific incident that you feel the need to comment on or is this just a generic statement??

**camiewamiee** Then maybe....fire them? Plenty of capable musicians out there to fill in their spot. This is an embarrassing post.

**reneaudoug** I hope Local 802 will choose to fight for workplace safety rather than protect sexual predators. I can imagine that this might be a little bit complicated, since it was Local 802 that is responsible for not letting those two players remain terminated.
